

# SECTION INDEX

## Group W: Wheel Alignment

General, Basic Information .....	W 1
Camber and Inclination .....	W 1
Caster .....	W 2
Toe-in .....	W 2
Difference Angle .....	W 2
Toe-in of Rear Wheels .....	W 3
Camber of Rear Wheels .....	W 3
Rear Wheel Alignment .....	W 3

## Measuring Vehicle

General .....	W 5
---------------	-----

## Measuring Frame

Procedures: 1 Wh Adjusting Measuring Gauge .....	W 6
2 Wh Measuring Front Wheels .....	W 7
3 Wh Measuring Rear Wheels .....	W 7

## Stationary Measuring Gauge:

Procedures: 4 Wh Adjusting Measuring Gauge .....	W 9
5 Wh Measuring Vehicle .....	W 10
6 Wh Measuring Toe-in Variation of Front Wheels during Spring Action .....	W 11
7 Wh Alignment of Toe-in .....	W 12
Sample Measuring Chart .....	W 13
Alignment Data .....	W 14

## Alignment of Wheels

Camber and Inclination .....	W 15
Caster .....	W 15
Toe-in Variation During Spring Action .....	W 15
Procedures: 8 Wh Toe-in Alignment .....	W 15
Determining Difference Angle .....	W 16
Rear Wheel Alignment .....	W 16
9 Wh Aligning Rear Wheels on Measuring Gauge .....	W 16
Camber of Rear Wheels .....	W 16
Alignment Data and Tolerances .....	W 17
